CARPET EDGE – PIN TYPE

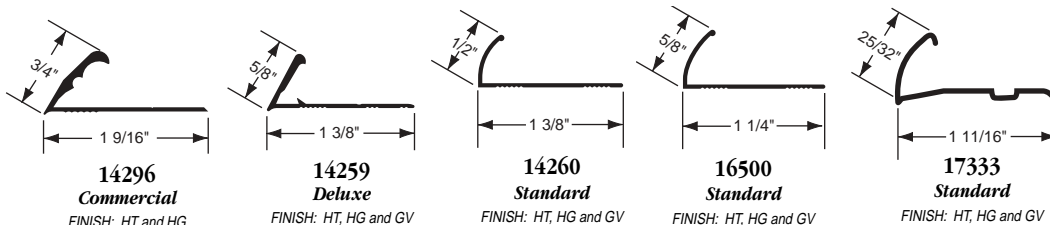

PACKAGING INFORMATION:

40 PIECES PER TUBE 14298 – 12 PCS. FLEX – 12 PCS. RF1701 – 25 – 4' PCS. PER CARTON NO FASTENERS

Loxscreen believes customers should get what they want – when they want it. So, if you want the moon, we've got it covered. Quite literally, in fact.

Our new line of floor covering accessories is processed meticulously providing a rich textured appearance. We offer eight finishes; hammered or not hammered, satin anodized or brite. Whether it's for commercial or residential use, the finish makes our extrusions complimentary to any type of flooring. Loxscreen extrusions also provide the ultimate in gripping power, preventing wear and tear on all coverings - from vinyl to carpet.

Loxcreen is a leader in the aluminum and vinyl extrusion business and that is why we can offer an extensive selection of quality floor covering trim. We are committed to always having the product you need - when you need it. We do this so turnaround will always be quick and you always make your deadlines. You will come to depend on Loxcreen for quality products and prompt delivery.

Although Loxcreen continues to seek out new challenges, our primary focus remains the same - to always provide quality extrusions to our loyal family of customers.

With our new product line, we think you'll see we continue to accomplish our goal. So, go ahead - the moon is yours for the asking.

Loxcreen provides unparalleled nationwide customer service through our prompt, expedient delivery system. Our main goal is to always provide the quickest and the most efficient delivery service in the extrusion industry.
