

PRESS RELEASE JANUARY 2009

**12MM – 14MM MDF CORK/WOODGRAIN LAMINATE
MOLDINGS**

In our continuing effort to keep our customers supplied with the right products at the right time, we are very pleased to announce the addition of 12MM – 14MM Cork/Woodgrain MDF (Medium Density Fiberboard) Laminate Moldings.

Specially designed to enhance all residential installations. Our complete line of moldings in 12 of the most popular wood grain finishes and 5 of the most popular cork finishes available for delivery in March 2009...

Our program will consist of 4 profiles in 12 Woodgrain finishes and 4 profiles in 5 Cork finishes that reflect up to date coordinating colors to professionally finish your laminate installation.

The profiles include: Multi-Purpose Reducer, End Mold, Stair Nosing, T-Moulding and Quarter round that can accommodate most applications!

- Stocked in 12-14mm and with accessory pieces available to accommodate floors up to 15mm thick
- Superior Metal Snap track – comes complete with screws and anchors
- Packaging – Fully packaged and shrink-wrapped for superior presentation
- Warranty – 25 year warranty on all transitions for surface wear

Please feel free to contact our excellent Customer Service Team if you have any questions. You may reach them at 800-565-6653.
