

New Product Update

APRIL 2008

TT 8004 RL 82
ProVa-Flex
82 FT : 269 SQ FT

8004 RL 82:
ProVa-Flex is a polypropylene uncoupling membrane sandwiched between a white polypropylene non woven fabric on the underside to maximize bonding to the subfloor. It also has an interwoven polypropylene netting material adhered to the top surface to provide mechanical bonding properties as well as enhancing the surface of contact with mortars used.

Features

Pack size: 1 ROLL - 3.28 FT X 82 FT LONG : 269 SQ FT
Sheet Thickness: approx. 1/8"
