PROVA SEAL™

PROVA-SEAL™ Sealing and Bonding Compound is a waterproof sealing and bonding compound that is a premium hybrid silicone sealant. PROVA-SEAL can be used to waterproof pipe and valve protrusions in the PROVA SHOWER SYSTEM and for use PROVA-BOARD, PROVA-FLEX Membrane and PROVA-MAT. PROVA-SEAL is required to bond and seal the components of the PROVA SHOWER SYSTEM. Once cured, PROVA-SEAL provides a watertight, flexible seal. The cured product will not crack, crumble or shrink and adheres to most common construction materials. Once applied, PROVA-SEAL can be painted in 30 minutes and exposed to water in 1 hour.

Part Number	Size	Pack Size
PBS10FLOZUS (US)	9.5 fl. oz. (280 ml)	12 pcs
PBS10FLOZCDN (CAN)	9.5 fl. oz. (280 ml)	12 pcs

The ultimate waterproofing system.
