

New Product Update

MARCH 2007

TT8001 RL 82
PROVA-JOINT STRIP
6IN X 82FT

TT8001 RL 82:

Waterproof joint strip made of polyethylene, laminated on both sides with a fabric fibre. Tile adhesive is anchored mechanically into the fibre structure. ProVa-Joint is used to seal seams and/or strengthen corners. ProVa-Mat or ProVa-Joint must be overlapped by a minimum of 2" or 5cm to ensure a waterproof joint.
